

CCBIO Junior Scientist Symposium

June 6, 2025, 09.00–13.00

Auditorium 4, BB building
Register at ccbiojuss.no

We are delighted to invite you to the upcoming CCBIO Junior Scientist Symposium on **June 6**. This seminar series offers a fantastic opportunity to connect and engage with fellow young scientists. Get inspired by the CCBIO Director Lars A. Akslen! Lunch is included, just remember to register before June 2nd at 11.00.

Program:

09.00-09.15	Introduction
09.15-10.00	Lars A. Akslen , keynote lecture: "CCBIO crossroads - a brief history and how to navigate the future"
10.00-10.20	COFFEE BREAK
10.20-10.45	Oriol Castells Marin : "Intracellular signaling signatures in the monocytic compartment distinguish acute myeloid leukemia from healthy peripheral blood and bone marrow"
10.45-11.10	Sammy Choi : "Optimizing Proteomics Workflow for Low-input micro-dissected fixated FFPE human kidney tissue"
11.10-12.00	LUNCH BREAK (Lunch is free, just register by June 2 nd at 11)
12.00-12.25	Marthe Alvestad : "Dynamic 3D in vitro Model of Kidney Disease"
12.25-12.50	Lars Muhl : "Molecular characterization of the cell types in the mouse liver using Smart-seq2 single-cell RNA-sequencing"
12.50-13.00	Concluding remarks

Go to ccbiojuss.no to register or scan the QR code.

Deadline for registration: June 2nd at 11.00 for the lunch. Otherwise, June 6th.
