

NOVO NORDISK FOUNDATION

Clinical Research Fellowship at Steno Diabetes Center

CLINICAL RESEARCHER AT STENO

OBJECTIVES

The Clinical Research Fellowship Programme allows talented researchers from the Nordic countries early in their career, to develop their own line of research at, and within the focus areas of, the acclaimed Steno Diabetes Center (SDC) and its clinic, north of Copenhagen, Denmark. Importantly, at the conclusion of the fellowship, fellows will have the potential to become an integrated part of the SDC faculty.

ELIGIBILITY

The successful applicant:

- has a relevant academic background, and has obtained a PhD degree or similar qualification within the last 10 years,
- has postdoctoral and/or clinical experience, and a proven track record of original contributions to the field of diabetes research, and
- is prepared to play an active role in the dynamic research environment at SDC, and is motivated by the prospect of a long-term career opportunity at SDC.

FUNDING

- Up to DKK 7.5 million over a 5-year project, for up to DKK 1.5 million per year.
- Up to 4 fellowships will be awarded in 2014.

APPLICATION PROCESS

- Stage 1: Written project proposal assessed by the Nordic Research Committee.
- Stage 2: Presentation of the proposed project and interview at the SDC.

IMPORTANT DATES

Deadline: June 20, 2014, 4pm.

Interviews: August 21, 2014.

Decision: September, 2014.
