

seminar

Primary cells - Cell Culture Transfection - Genome editing and iPSC generation

PROGRAM:

SESSION I:

- 9:30 Primary cells
- 10:15 Coffee break
- 10:30 Novel products for cell culture
- 11:15 Lunch

SESSION II:

- 12:00 Transfection (introduction)
- 12:45 Coffee break
- 13:00 Transfection - Genome editing and iPSC generation
- 13:45 Coffee break
- 14:00 Transfection troubleshooting (optional)
Mainly for users of the Amaxa Nucleofector system

SPEAKER:

Leigh Eastwood, Distribution/Export Manager, Lonza BioScience
The seminar will be held in English.

DATE: Tuesday, June 2nd

TIME: 9:30 - 13:45 (14:45)

VENUE: VilVite, Bergen Vitensenter AS, Thormøhlensgate 51
Konferanserom B

REGISTRATION:

Please e-mail your contact details and which session(s) you want to attend to:
malfrid@bioberg.no Registration no later than May 28.

We hope you can join, but please note that it is a limited number of places.
