and Health Science in the EUropean System

11th ORPHEUS CONFERENCE

Lost in translation: from medical studies to clinical research

March **10-12, 2016**
in Cologne, Germany

Program and further information

www.zmmk.uni-koeln.de/ORPHEUS_Conference_2016

Under the patronage of ORPHEUS
organized by the Faculty of Medicine and the Center for Molecular
Medicine Cologne of the University of Cologne and the Uniklinik Köln

UNIKLINIK
KÖLN

The conference is organized in association with

The aim of the conference is to discuss the complete career path in biomedicine and health sciences beginning with undergraduate studies, followed by the doctoral period and the following transition phase. Special emphasis will be given to the training of physician scientists. International experts will present innovative strategies and concepts on the themes:

- » Research training for medical and natural science students in biomedical research
- » Perspectives for physicianscientists of the 21st Century
- » Graduate programs for clinicians in biomedicine and health sciences
- » The transition time - Living on the edge: scientific careers at the frontiers of research
- » Supervision of doctoral candidates - reality for clinical supervisors
